READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Order Adopting Pa.R.A.P. 120 and 1703 and Amending the Notes to Pa.R.A.P. 121, 907, 1112, 1311 and 1514; No. 150 Appellate Procedural Rules; Doc. No. 1

Amended Order

Per Curiam:

And Now, this 15th day of March, 2004, upon the recommendation of the Appellate Court Procedural Rules Committee, the proposal having been published before adoption at 32 Pa.B. 5259 (October 26, 2002);

It Is Ordered, pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Pennsylvania Rule of Appellate Procedure 120 and 1703 be adopted in the following form, and that the Notes to Pennsylvania Rules of Appellate Procedure 121, 907, 1112, 1311 and 1514 be amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective 60 days after adoption.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE I. PRELIMINARY PROVISIONS

CHAPTER 1. GENERAL PROVISIONS

DOCUMENTS GENERALLY

Rule 120. Entry of Appearance.

(a) *Filing*. Any counsel filing papers required or permitted to be filed in an appellate court must enter an appearance with the prothonotary of the appellate court unless that counsel has been previously noted on the docket as counsel pursuant to Rules 907(b), 1112(f), 1311(d) or 1514(d). New counsel appearing for a party after docketing pursuant to Rules 907(b), 1112(f), 1311(d), or 1514(d) shall file an entry of appearance simultaneous with or prior to the filing of any papers signed by new counsel. The entry of appearance shall specifically designate each party the attorney represents and the attorney shall file a certificate of service pursuant to Subdivision (d) of Rule 121 and Rule 122. Where new counsel enters an appearance on behalf of a party currently represented by counsel and there is no simultaneous withdrawal of appearance, new counsel shall serve the party that new counsel represents and all other counsel of record and file a certificate of service.

Official Note: See Subdivision (b) of Rule 907, Subdivision (f) of Rule 1112, Subdivision (d) of Rule 1311 and Subdivision (d) of Rule 1514.

Rule 121. Filing and Service.

* * * * *

Official Note: The term "related papers" in Subdivision (a) of this rule includes any appeal papers required under Rule 1702 (stay ancillary to appeal) as a prerequi-

site to an application for a stay or similar relief. An acknowledgement of service may be executed by an individual other than the person served, e.g., by a clerk or other responsible person as contemplated by Subdivision (c) of the rule. Subdivision (e) of the rule does not apply to the filing of a notice of appeal, a petition for allowance of appeal, a petition for permission to appeal, or a petition for reconsideration or re-argument, since under these rules the time for filing such papers runs from the entry and service of the related order, nor to the filing of a petition for review, which is governed by similar considerations. However, these rules permit the filing of such notice and petitions (except a petition for reconsideration or re-argument) in the local county (generally in the county court house; otherwise in a post office), thus eliminating a major problem under the prior practice.

With respect to appearances by new counsel following the initial docketing of appearances pursuant to Subdivision (d) of this rule, please note the requirements of Rule 120.

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 9. APPEALS FROM LOWER COURTS

Rule 907. Docketing of Appeal.

* * * * *

Official Note:

* * * * *

With regard to Subdivision (b) and withdrawal of appearance without leave of the appellate court, counsel may nonetheless be subject to trial court supervision pursuant to Pa.R.Crim.P. 904 (Entry of Appearance and Appointment of Counsel; In Forma Pauperis).

With respect to appearances by new counsel following the initial docketing appearances pursuant to Subdivision (b) of this rule, please note the requirements of Rule 120.

CHAPTER 11. APPEALS FROM COMMONWEALTH COURT AND SUPERIOR COURT

PETITION FOR ALLOWANCE OF APPEAL

Rule 1112. Appeals by Allowance.

* * * * *

Official Note:

* * * * *

With regard to Subdivision (f) and withdrawal of appearance without leave of the appellate court, counsel may nonetheless be subject to trial court supervision pursuant to Pa.R.Crim.P. 904 (Entry of Appearance and Appointment of Counsel; In Forma Pauperis).

With respect to appearances by new counsel following the initial docketing of appearances pursuant to Subdivision (f) of this rule, please note the requirements of Rule 120.

Explanatory Comment—1976

In view of the fact that the Prothonotary of the Supreme Court will as a matter of course notify the Superior Court and the Commonwealth Court of the filing

of a petition for allowance of appeal, the requirement that the petitioner file a copy of the petition in the appellate court below is deleted.

See the Comment following Rule 908.

CHAPTER 13. INTERLOCUTORY APPEALS BY PERMISSION

Rule 1311. Interlocutory Appeals by Permission.

* * * * *

Official Note:

* * * * *

With regard to subdivision (d) and withdrawal of appearance without leave of the appellate court, counsel may nonetheless be subject to trial court supervision pursuant to Pa.R.Crim.P. 904 (Entry of Appearance and Appointment of Counsel; In Forma Pauperis).

With respect to appearances by new counsel following the initial docketing of appearances pursuant to Subdivision (d) of this rule, please note the requirements of Rule 120.

CHAPTER 15. JUDICIAL REVIEW OF GOVERNMENTAL DETERMINATIONS

PETITION FOR REVIEW

Rule 1514. Filing and Service of the Petition for Review.

* * * * *

Official Note: This rule supersedes former Commonwealth Court Rules 20C, 21, 22 and 24. See the Note to Rule 1112 (appeals by allowance) for an explanation of the procedure when Form 3817 is used.

With respect to appearances by new counsel following the initial docketing of appearances pursuant to Subdivision (d) of this rule, please note the requirements of Rule 120.

Explanatory Note—1979

In order to make certain that parties before a government unit realize that they must file a notice of intervention under amended Rule 1531 if they are to participate in the appeal, a new requirement is added for notification in the petition for review papers alerting parties not named as respondents to the need for filing a notice of or application for intervention.

CHAPTER 17. EFFECT OF APPEALS; SUPERSEDEAS AND STAYS

IN GENERAL

Rule 1703. Contents of Application for Stay.

In addition to the requirements set forth in Rule 123 (Application for Relief), an application for stay pursuant to this chapter shall set forth the procedural posture of the case, including the result of any application for relief in any court below or federal court, the specific rule under which a stay or supersedeas is sought, grounds for relief, and, if expedited relief is sought, the nature of the

emergency. The application shall also identify and set forth the procedural posture of all related proceedings.

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CHS. 1 AND 9]

Order Amending Rule 122 and Approving the Revision of the Comment to Rule 904; No. 304 Criminal Procedural Rules; Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the March 12, 2004 changes to Rules of Criminal Procedure 122 and 904 that clarify the duration and nature of appointed counsel's representational obligations. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 12th day of March, 2004, upon the recommendation of the Criminal Procedural Rules Committee; the proposal having been published before adoption at 30 Pa.B. 5533 (October 28, 2000), and in the *Atlantic Reporter* (Second Series Advance Sheets, Vol. 759), and a Final Report to be published with this *Order*:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that:

- (1) Rule of Criminal Procedure 122 is amended; and
- (2) the revision of the Comment to Rule of Criminal Procedure 904 is approved,

all in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective July 1, 2004.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE CHAPTER 1. SCOPE OF RULES, CONSTRUCTION AND DEFINITIONS, LOCAL RULES

PART B. Counsel

Rule 122. Assignment of Counsel.

* * * * *

- (C) IN ALL CASES.

* * * * *

- (3) [Where] When counsel has been assigned, such assignment shall be effective until final judgment, including any proceedings upon direct appeal.

Comment

* * * * *

[Subparagraph] Paragraph (C)(1) retains in the issuing authority or judge the power to assign counsel regardless of indigency or other factors when, in the issuing authority's or judge's opinion, the interests of justice require it.

[Paragraph] Pursuant to paragraph (C)(3) [implements the decisions of *Douglas v. California*, 372 U.S. 353 (1963), and *Commonwealth v. Hickox*, 249 A.2d 777 (Pa. 1969), by providing that], counsel [appointed originally shall retain] retains his or her assignment until final judgment, which includes [appellate procedure] all avenues of appeal through the Supreme Court of Pennsylvania. In making the decision whether to file a petition for allowance of appeal, counsel must (1) consult with his or her client, and (2) review the standards set forth in Pa.R.A.P. 1114 (Considerations Governing Allowance of Appeal) and the note following that rule. If the decision is made to file a petition, counsel must carry through with that decision. See *Commonwealth v. Liebel*, 825 A.2d 630 (Pa. 2003). Concerning counsel's obligations as appointed counsel, see *Jones v. Barnes*, 463 U.S. 745 (1983). See also *Commonwealth v. Padden*, 783 A.2d 299 (Pa. Super. 2001).

Pursuant to paragraphs (E) and (G)(2), appointed counsel retains his or her assignment until final judgment, which includes all avenues of appeal through the Supreme Court of Pennsylvania. In making the decision whether to file a petition for allowance of appeal, counsel must (1) consult with his or her client, and (2) review the standards set forth in Pa.R.A.P. 1114 (Considerations Governing Allowance of Appeal) and the note following that rule. If the decision is made to file a petition, counsel must carry through with that decision. See *Commonwealth v. Liebel*, 825 A.2d 630 (Pa. 2003). Concerning counsel's obligations as appointed counsel, see *Jones v. Barnes*, 463 U.S. 745 (1983). See also *Commonwealth v. Padden*, 783 A.2d 299 (Pa. Super. 2001).

Paragraph (G) was added in 2000 to provide for the appointment of counsel for the first petition for post-conviction collateral relief in a death penalty case at the conclusion of direct review.

Official Note: Previous Rule 1504 adopted January 24, 1968, effective August 1, 1968; rescinded December 11, 1981, effective June 27, 1982; rescission vacated June 4, 1982; rescinded February 1, 1989, effective July 1, 1989, and replaced by Rule [907] 1507. FINAL REPORT¹

Amendment to Pa.R.Crim.P. 122, and Revision of the Comment to Pa.R.Crim.P. 904

Duration of Appointed Counsel's Obligation

On March 12, 2004, effective July 1, 2004, upon the recommendation of the Criminal Procedural Rules Committee, the Court made an editorial change to paragraph (C) of Rule of Criminal Procedure 122 (Assignment of Counsel), and approved the revisions to the Comments to Rules 122 and 904 (Appointment of Counsel; In Forma Pauperis) that clarify the duration and nature of appointed counsel's representational obligations.

I. BACKGROUND

The Committee initially undertook a review of the duration of appointed counsel's obligation provisions in Rule 122 at the request of the Court.² The Court asked the Committee to consider whether Pennsylvania's policy concerning the duration of appointed counsel's obligation should continue to be that counsel retains his or her assignment until final judgment, which includes all avenues of appeal through the Supreme Court of Pennsylvania.

A. Rule 122 History³

In order to fully address the Court's inquiry, the Committee first reviewed the Rule 122 history and case law interpreting Rule 122. When the Committee recommended the appointment of counsel rule in 1964, the submission to the Court explained that the Committee was proposing the rule provide counsel's assignment shall be effective until final judgment including any proceedings upon direct appeal, and that the proposal was based on the United States Supreme Court's decision in *Douglas v. California*, 372 U.S. 353 (1963). The Committee, however, did not explain what was intended by "any proceedings upon direct appeal." *Douglas* is not conclusive as to the meaning of "direct appeal" because the Supreme Court limited the scope of the *Douglas* decision saying "We are not here concerned with the problems that might arise from the denial of counsel for the preparation of a petition for discretionary review or mandatory review

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

² References in this Final Report to "Supreme Court" mean the U. S. Supreme Court, and references to "Court" mean the Pennsylvania Supreme Court.

³ Prior to the Court's renumbering of the Criminal Rules in 2000, Rule 122 was Rule 316, and this pre-2000 "history" refers to Rule 316.

beyond the stage in the appellate process at which the claims have once been presented by a lawyer and passed upon by an appellate court.”

Subsequently, the Court decided *Commonwealth v. Hickox*, 249 A.2d 777 (Pa. 1969). The *Hickox* opinion directs appointed counsel following the affirmance of defendant's sentence by the Superior Court “to proceed in accordance with the Rule,” suggesting that in 1969 the Court interpreted the use of “direct appeal” in Rule 122 to include discretionary appeals. The citation to *Hickox* was added to the Rule 122 Comment. The Committee concluded the addition of *Hickox* supported the premise that the intent of the rule is that appointed counsel is to stay in the case through the state courts’ discretionary appeal process.

The issue of the length of appointed counsel's obligation has continued to arise in cases. The United States Supreme Court again addressed the issue in 1974 in *Ross v. Moffitt*, 417 U.S. 600 (1974). The Supreme Court held that there is no constitutional right to appointed counsel for discretionary appeals, noting that the decision should be made at the state level. The Pennsylvania Supreme Court did just that in 1980 when, in *Commonwealth v. Daniels*, 420 A.2d 1323 (Pa. 1980), it noted “by this Rule [Rule 316], this Court long has guaranteed that a person seeking allowance of appeal is entitled to the assistance of counsel.” Since *Daniels*, there have been several Superior Court cases addressing this issue in the context of ineffective assistance of counsel for failing to seek allowance of appeal to the Supreme Court, all accepting the premise that appointed counsel stays in the case through discretionary appeal. See, e.g., *Commonwealth v. Morrow*, 474 A.2d 322 (Pa. Super. 1984) and *Commonwealth v. West*, 482 A.2d 1339 (Pa. Super. 1984).

B. Policy Considerations

The Committee next considered the impact of this “history” on present practice. The Committee considered that, under the present system, having an attorney review the case for purposes of making a determination whether to file a petition for allowance of appeal will ensure the defendant receives adequate representation, and, at the same time, will ensure that the petitions will be filed only in those cases in which a reasoned assessment by counsel indicates that the case merits further review by the Court. If an attorney is not available to make these assessments, the number of filings are likely to increase because most defendants are aware of the discretionary appeal process, and will file pro se petitions for allowance of appeal without making the assessment counsel would make in the case.⁴ Similarly, the Committee does not believe removing counsel's obligation to remain in the case will reduce the number of nunc pro tunc requests, which continues to be a concern at this stage of the proceedings; defendants still will file the requests, although counsel's abandonment may not be the justification.

The Committee also noted that the availability of post-conviction collateral review has been offered by other jurisdictions to support those jurisdictions’ choice not to provide appointed counsel for discretionary appeals, but agreed Pennsylvania's criminal justice system has functioned well under the existing system, and was not persuaded that a change to the system more akin to the

federal system would improve Pennsylvania's appeal process. In fact, the members agreed such a change would have an adverse effect.

In view of the long history in Pennsylvania requiring appointed counsel to remain in a case through all avenues of appeal, the policy considerations the Committee evaluated, and the fact that the issue continues to arise, the Committee recommended to the Court that Rule 122 should be modified to more clearly state that the policy of Pennsylvania concerning the duration of appointed counsel's obligation continues until final judgment, which includes all avenues of appeal through the Supreme Court of Pennsylvania.⁵

II. DISCUSSION OF RULE CHANGES⁶

The issue of appointed counsel's obligation has two parts—how long the appointment lasts, which was the initial issue raised by the Court, and the nature of the obligation, which, of necessity, requires consideration when contemplating the duration of the obligation.

A. Duration of Obligation

The first prong of the Committee's consideration of this matter was the duration of appointed counsel's obligations, which is addressed in the sixth paragraph of the current Rule 122 Comment, and provides:

Paragraph (C)(3) implements the decisions of *Douglas v. California*, 372 U.S. 353 (1963), and *Commonwealth v. Hickox*, 249 A.2d 777 (Pa. 1969), by providing that counsel appointed originally shall retain his or her assignment until final judgment, which includes appellate procedure.

The Committee initially considered merely changing “appellate procedure” in the last line of the paragraph to “discretionary appeal.” We reconsidered this because the *Douglas* and *Hickox* decisions cited in the Comment involved cases in which the appeal was an appeal as of right, and both Courts appear to use “direct appeal” in that context. Furthermore, a reasonable interpretation of the “implements” language in the Comment is that “direct appeal” only goes through the appeal as of right stage. Agreeing this Comment provision is contributing to the confusion evidenced in the case law, and because Pennsylvania courts have gone in a different direction than the federal courts since *Ross v. Moffitt*,⁷ the Committee recommended that the “implements” language in the Rule 122 Comment be deleted from the Comment. Similarly, because the Committee was concerned the phrase “appellate procedure” in this Comment provision would continue to contribute to the confusion about the length of appointed counsel's obligation, that phrase has been replaced with “all avenues of appeal through the Supreme Court of Pennsylvania.”⁸ Finally, the citations to the *Douglas* and *Hickox* cases have been removed from the Comment provision to emphasize that the duration of counsel's obligation is a matter of policy in Pennsylvania rather than an interpretation of case law. With these changes, the current Rule 122 Comment has been revised to read:

⁵ Because appointed counsel's obligations when pursuing post-conviction collateral relief for a client are the same as trial counsel's with regard to remaining in the case through all avenues of appeal, the Committee agreed the same modifications should be made to Rule 904.

⁶ The Comment to Rule 904 also has been revised by the addition of the same language concerning appointed counsel's obligation that has been added to the Rule 122 Comment.

⁷ Subsequent Pennsylvania cases have clearly interpreted Rule 122 as applying through discretionary appeals to the Pennsylvania Supreme Court.

⁸ This language is consistent with the explanation of “final disposition” in other rules. See, e.g., Rule 534 (Duration of Obligation) for bail.

⁴ Such petitions often are of a poor quality, inarticulate, and procedurally and legally inadequate. Although many of these petitions would be dismissed, all the petitions would have to be docketed and reviewed.

Pursuant to paragraph (C)(3), counsel retains his or her assignment until final judgment, which includes all avenues of appeal through the Supreme Court of Pennsylvania.

B. Nature of Obligation

The nature of appointed counsel's obligation is more complicated and continues to be the subject in a great deal of case law. Extrapolating from this case law,⁹ the Committee discerned that appointed counsel, in making a decision whether to file a petition for allowance of appeal, must exercise his or her professional judgment and, in exercising that judgment, must consider the provisions of Pa.R.A.P. 1114 (Considerations Governing Allowance of Appeal). We do not believe the case law mandates counsel to file a petition for allowance to appeal in every case. Furthermore, as a matter of policy and for practical reasons, the Committee agreed that discretionary appeals in Pennsylvania are different from appeals as of right; counsel should not be required to file a petition for allowance to appeal in every case nor to raise every conceivable issue in a petition, nor should counsel be precluded from raising issues of merit not identified by the defendant. As Chief Justice Burger stated in *Jones v. Barnes*, 463 U.S. 745, 751 (1983):

Neither *Anders* nor any other decision of this Court suggests, however, that the indigent defendant has a constitutional right to compel appointed counsel to press nonfrivolous points requested by the client, if counsel, as a matter of professional judgment, decides not to present those points. This Court, in holding that a State must provide counsel for an indigent appellant on his first appeal as of right, recognized the superior ability of trained counsel in the 'examination into the record, research of the law, and marshalling of arguments on [the appellant's] behalf.' . . . Experienced advocates since time beyond memory have emphasized the importance of winnowing out weaker arguments on appeal and focusing on one central issue if possible, or at most on a few key issues.

This concept is articulated in Pennsylvania case law as well. Justice Saylor in a footnote in *Commonwealth v. Lantzy*, 736 A.2d 564 (Pa. 1999), points out that "our holding should not be construed as affecting the substantial body of case law which concerns the circumstances in which a defendant seeks to pursue frivolous claims on appeal, or demands that counsel pursue every possible course of action or press every point." Id. 572 footnote 8. And President Judge Emeritus Cercione notes in *Commonwealth v. Padden*, 783 A.2d 299, 316 (Pa. Super. Ct. 2001):

Review by the Supreme Court is 'purely discretionary and will be granted only where there exist both special and important reasons. Pa.R.A.P. 1114. It would be illogical to conclude that a miscarriage of justice occurred by counsel's failure to seek Supreme Court review unless it is established that the issue was such that review would have been granted by the Supreme Court.' *Commonwealth v. Gilbert*, 407 Pa. Super. 491, 595 A.2d 1254 (1991), appeal denied, 529 Pa. 640, 600 A.2d 1258 (1991). Id. at 962.

In *Commonwealth v. Liebel*, 825 A.2d 630 (Pa. 2003), the Court provided further guidance concerning counsel's professional obligations with regard to filing a petition for

discretionary review by clarifying that counsel should consult with his or her client about whether to proceed with a petition for allowance to appeal, and that it is an improper exercise of counsel's professional obligations to represent that he or she is going to file the petition and then to fail to do so. Furthermore, after consulting with his or her client, counsel still is obligated to exercise his or her professional judgment, as well as consider the provisions of Pa.R.A.P. 1114, to determine whether a petition for allowance to appeal is appropriate in the case, and if so, which issues to raise.

Although the text of Rule 122 only addresses the appointment of counsel, not counsel's professional responsibilities, the members, sensitive that the rules or case law could be interpreted incorrectly as requiring counsel to file a petition for allowance of appeal in every case, even when counsel, in exercising his or her professional judgment, determines it is inappropriate, agreed the Rule 122 Comment should be modified to emphasize that the attorney must exercise his or her professional judgment in determining whether to file a petition for allowance of appeal, and would only file a petition if there is a substantial basis for filing and the case meets the standards in Pa.R.A.P. 1114 (Considerations Governing Allowance of Appeal). Making these points clear in the Comment will alert the members of the bar to the nature of their obligations as appointed counsel, and will help to reduce the number of unnecessary or frivolous petitions for allowance of appeal filed by counsel.

Accordingly, the Rule 122 Comment has been further revised by the addition of the following language addressing the nature of appointed counsel's obligation:

In making the decision whether to file a petition for allowance of appeal, counsel must (1) consult with his or her client, and (2) review the standards set forth in Pa.R.A.P. 1114 (Considerations Governing Allowance of Appeal) and the note following that rule. If the decision is made to file a petition, counsel must carry through with that decision. See *Commonwealth v. Liebel*, 825 A.2d 630 (Pa. 2003). Concerning counsel's obligations as appointed counsel, see *Jones v. Barnes*, 463 U.S. 745 (1983). See also *Commonwealth v. Padden*, 783 A.2d 299 (Pa. Super. 2001).

The Administrative Order of August 30, 1994, was published at 24 Pa.B. 4672 (September 1, 1994).

Leh.R.Cr.P. 506. Private Criminal Complaints.

(a) If the attorney for the Commonwealth disapproves a private criminal complaint, the affiant may file a Petition with the Clerk of Courts—Criminal captioned with the name of the affiant, and not the name of the alleged Defendant, for review by the Court.

(b) Such filing shall consist solely of the Petition, a copy of the disapproved criminal complaint and the affidavit(s) of probable cause previously submitted to the attorney for the Commonwealth, together with a copy of the attorney for the Commonwealth's statement of reasons for disapproval if such statement is not contained on the face of the complaint.

(c) Upon the receipt of such filing, the Clerk of Courts—Criminal shall forthwith notify the attorney for the Commonwealth in writing of the filing and that he has ten (10) days from the date of said notification within which to present to the Judge assigned to review the Petition, for the latter's confidential review, any investigative reports which the attorney for the Commonwealth may deem relevant to approval or disapproval of the complaint. The Court shall thereafter review the filing and any material submitted by the attorney for the Commonwealth and enter an order approving or disapproving the private criminal complaint.

(d) If the private criminal complaint is approved, the Clerk of Courts—Criminal shall give written notice to the attorney for the Commonwealth and the affiant of the decision and transmit the complaint to the appropriate issuing authority. If the private criminal complaint is disapproved written notice thereof shall be given as aforesaid and the complaint shall be returned to the affiant.

Comment: This Rule is intended to supplement Pa.R.Crim.P. 506(B)(2) by providing a procedure for filing and review of disapproved private criminal complaints. The affiant or the affiant's attorney must file a Petition with the Clerk of Courts—Criminal accompanied by the

complaint and affidavits previously acted upon by the attorney for the Commonwealth, as well as a copy of the reasons for disapproval if those reasons are contained on a document other than the complaint itself. The Caption of the Case shall read: "In re: Private Criminal Complaint filed by (Affiant's Name)." The name of the alleged Defendant shall not appear in that caption. The Clerk of Courts—Criminal shall advise the attorney for the Commonwealth of the filing of these documents with the Court. Reference on that notice should be made to the attorney for the Commonwealth's case number (such as "D.A. 04-101") which appears on the complaint form in the incident number block. The attorney for the Commonwealth is allowed ten (10) days after receipt of this notice to file a copy of any investigative material generated by or for the Office of the Attorney for the Commonwealth, if desired. The Rule contemplates that this investigative material remain confidential, and that the attorney for the Commonwealth will notify the Court if nothing is to be filed by his office. "... the trial court may review all evidence that the district attorney considered in making her decision and is not limited to reviewing the four corners of the private criminal complaint." *In re: Private Complaint of Adams*, 764 A.2d 577, 578 (Pa. Super. 2000). No hearing is provided for by this Rule, nor is one legally required. *Piscanio Appeal*, 344 A.2d 658, 661, n.5 (Pa. Super. 1975).

The standard for review is not the existence of probable cause, but rather whether there has been a gross abuse of discretion. *Commonwealth v. Eisemann*, 419 A.2d 591, 593 (Pa. Super. 1980). "[A] trial court should not interfere with a prosecutor's policy-based decision to disapprove a private complaint absent a showing of bad faith, fraud, or unconstitutionality." *Commonwealth v. Brown*, 708 A.2d 81, 84 (Pa. 1998).

"Where the district attorney's denial is based on a legal evaluation of the evidence, the trial court undertakes a de novo review of the matter. *Commonwealth v. Cooper*, 710 A.2d 76 (Pa. Super. 1998). Where the district attorney's disapproval is based on policy considerations, the trial court accords deference to the decision and will not interfere with it in the absence of bad faith, fraud or unconstitutionality. *Id.* at 79. In the event the district attorney offers a hybrid of legal and policy reasons for disapproval, deference to the district attorney's decision, rather than de novo review, is the appropriate standard to be employed." *In re: Private Complaint of Adams*, 764 A.2d 577, 579 (Pa. Super. 2000)

Note: This Rule in its basic form was adopted in 1981 and published in 11 Pa.B. 1316 (April 18, 1981). The Comment has been expanded based upon more recent case law.

(G) Voluntary manslaughter.

(H) An attempt, conspiracy or solicitation to commit murder or any of these crimes as provided in 18 Pa.C.S. §§ 901, 902 and 903.

Note: This Rule has required approval of the enumerated offenses listed in Paragraph 1, since it was adopted by an Administrative Order dated September 3, 2002, File No. 1971-M-2002, 32 Pa.B. 4693 et seq. (September 28, 2002). The original rule on this subject was numbered 706 and adopted by an order dated June 1, 1982, and published at 12 Pa.B. 2278 (July 17, 1982).

Leh.R.Cr.P. 528. Percentage Cash Bail System.

(1) Where percentage cash bail has been authorized by the bail authority, the Defendant for whom bail has been set (and any private third party surety/depositor) shall execute the bail bond and deposit with the issuing authority or the Clerk of Courts—Criminal a sum of money equal to ten per cent (10%) of the amount of bail set, but in no event less than Twenty-five (\$25.00) Dollars. Corporate sureties or professional bail bondsmen or agents thereof are expressly prohibited from posting the deposit for the percentage cash bail system as provided in this Rule. However, where 10% cash bail is authorized, corporate sureties and professional bondsmen may, nevertheless, post bond, provided they do so for the full amount of the bail.

(2) Prior to setting 10% cash bail, the bail authority shall generally seek and review the recommendations of the court designated bail agency.

(3) Where a third-party becomes the depositor of the 10% cash on behalf of a defendant, that third-party shall become a surety for the balance of the full amount of the bail, and shall execute the bond as a surety.

Note: This Rule was part of the original bail rules numbered 4006, 4006A, 4006B, 4006C and 4006D. They were adopted by an order dated March 23, 1984, and published at 14 Pa.B. 833 et seq. (March 17, 1984).

Leh.R.Cr.P. 530. Designation of Local Court Bail Agency.

(1) Lehigh Valley Pretrial Services, Inc., is designated as the bail agency to monitor and assist defendants released on bail in criminal cases instituted in Lehigh County. This agency shall perform the duties and have the powers set forth in Pa.R.Crim.P. 530(A).

(2) When a Defendant is released on any of the types of bail set forth in Pa.R.Crim.P. 524(C)(1) through (4), or on 10% cash bail pursuant to Pa.Rs.C.P. 524(C)(5) and 528(D)(1), and the bail agency has been designated by the bail authority to act as surety or supervising agency for the defendant, the defendant shall then become subject to the rules and regulations of the bail agency. The bail agency shall not be required to sign the bail bond.

(3) Whenever a defendant who is supervised by the bail agency fails to comply with the conditions of his or her release, or the rules and regulations of the bail agency, a bail piece may issue pursuant to Pa.R.Crim.P. 536(B) to the bail agency, and the defendant may be brought before the court to determine if additional bail shall be set or bail revoked.

Note: This Rule was part of the original bail rules numbered 4006, 4006A, 4006B, 4006C and 4006D. They were adopted by an order dated March 23, 1984, and published at 14 Pa.B. 833 et seq. (March 17, 1984). The Rule was later amended to reflect the reorganization and renaming of the bail agency.

Leh.R.Cr.P. 531. Corporate Surety and Surety Agents.

A. CORPORATE SURETY

1. Every corporate surety duly authorized to do business in Pennsylvania may become surety on any bail bond required to be filed in the criminal courts of Lehigh County provided that a current Certificate of Authority issued to it by the Insurance Department of the Commonwealth of Pennsylvania, along with its current financial statement, are on file with the Clerk of Courts—Criminal. No bond shall be executed by any corporate surety after May 15 of any year unless such a certificate issued after March 31 of the same year and the current financial statement shall have been filed with the Clerk of Courts.

2. No bond shall be executed by any corporate surety where the aggregate maximum amount of unsettled and outstanding bail forfeitures, as determined by the Lehigh County Solicitor, Department of Law, is \$250,000.00 or more. The County Solicitor shall immediately notify the Clerk of Courts—Criminal, the District Attorney and the District Justices of Lehigh County, of any corporate surety having reached this limit. The Clerk of Courts—Criminal and District Justices shall immediately cease accepting bonds from the corporate surety. When appropriate financial settlement has been made with the County of Lehigh, the County Solicitor shall notify the Clerk of Courts—Criminal and District Justices that execution of bonds by the corporate surety may resume.

B. SURETY AGENTS

1. Every agent, acting on behalf of a corporate surety, may execute a bail bond required to be filed in the criminal courts of Lehigh County provided that a Power of Attorney issued by the corporate surety setting forth the maximum limit of liability per bail, along with proof of licensing by the Insurance Department of the Commonwealth of Pennsylvania, shall be filed with the Clerk of Courts. No bond shall be executed by any surety agent

after the expiration of such power of attorney until a new Power of Attorney has been filed with the Clerk of Courts.

2. No bond shall be executed by any surety agent of a corporate surety authorized to do business in Lehigh County where the aggregate amount of unsettled and outstanding bail forfeitures for all corporate sureties for which the surety agent is writing bonds, as determined by the Lehigh County Solicitor, Department of Law, is \$100,000.00 or more. The County Solicitor shall immediately notify the Clerk of Courts—Criminal, the District Attorney and the District Justices of Lehigh County, of any surety agent having reached this maximum limit. The Clerk of Courts—Criminal and District Justices shall immediately cease accepting bonds by the surety agent. When appropriate financial settlement has been made with the County of Lehigh, the County Solicitor shall notify the Clerk of Courts—Criminal and District Justices that execution of bonds by the surety agent may resume.

C. PROFESSIONAL BAIL BONDSMEN

1. Every professional bail bondsmen, duly authorized to do business in Pennsylvania, may become surety on any criminal bail bond required to be filed in this Court, provided that a currently valid registration and license from the Insurance Department of the Commonwealth of Pennsylvania, pursuant to 42 Pa.C.S. § 5742, evidencing such right, shall be filed with the Clerk of Courts—Criminal. Every professional bail bondsman must present proof that he or she maintains an office in Lehigh County from which his or her business is conducted pursuant to 42 Pa.C.S. § 5744, and he or she must post and maintain as security with the Clerk of Courts—Criminal the sum of \$25,000.00 in United States currency or securities of the United State Government.

2. No bond shall be executed by any professional bail bondsman where the aggregate amount of unsettled and outstanding bail forfeitures, as determined by the Lehigh County Solicitor, Department of Law, is \$100,000.00 or more. The County Solicitor shall immediately notify the Clerk of Courts—Criminal, the District Attorney and the District Justices of Lehigh County, of any professional bail bondsman having reached this maximum limit. The Clerk of Courts and District Justices shall immediately cease executing bonds by the professional bail bondsman. When appropriate financial settlement has been made with the County of Lehigh, the County Solicitor shall notify the Clerk of Courts—Criminal and District Justices that execution of bonds by the professional bail bondsman may resume.

Note: This Rule in substantially the same form was adopted as CR 4011, by Order dated November 7, 1995, and published at 25 Pa.B. 5238 et seq. (November 25, 1995).

Leh.R.Cr.P. 535. Return of Cash Deposits. Charges.

Upon full and final disposition of the case, the issuing authority or the Clerk of Courts—Criminal shall retain thirty per cent (30%) of the amount deposited, but in no event less than Ten (\$10.00) Dollars, as administrative costs, which includes the Clerk's poundage fee for the percentage cash bail program and shall return the balance to the depositor, unless the depositor at the time the balance is to be returned otherwise agrees in writing. The thirty per cent (30%) to be retained shall be considered as earned at the time the bail undertaking is executed and the cash is deposited by the defendant or the third party surety.

Comment: Nothing in this Rule is intended to preclude the application of the seventy per cent (70%) cash balance

being applied to fines, costs, restitution, or, if funds remain after payment of fines, costs and restitution, to fees due the Defendant's attorney of record, if agreed to in writing by the depositor at the time the money would otherwise be returned to the depositor. See Pa.R.Crim.P. 535, the Comment to that Rule, and the Report of the Criminal Procedural Rules Committee, 33 Pa.B. 6409 (December 27, 2003).

Note: This Rule was part of the original bail rules numbered 4006, 4006A, 4006B, 4006C and 4006D. They were adopted by an order dated March 23, 1984, and published at 14 Pa.B. 833 et seq. (March 17, 1984).

Leh.R.Cr.P. 542. Continuances of Preliminary Hearings Before District Justices.

(a) Preliminary hearings before District Justices in court cases shall be scheduled initially as required by the Pennsylvania Rules of Criminal Procedure.

(b) Thereafter a District Justice may grant continuances of the preliminary hearing upon the request either of the Defendant or the Commonwealth provided that such continuances are limited to the minimum period necessary and do not, in the aggregate number of days for all continuances in the case, exceed twenty-one (21) days from the date upon which the preliminary hearing was first scheduled.

(c) Except as provided in section (b) of this Rule, all requests for continuances of preliminary hearings shall be presented to the District Justice Court Administrator, or in his absence to an appropriate Judge of the Court of Common Pleas, in the form of a written motion setting forth good cause for the same with forty-eight (48) hours advance notice to the defendant or his counsel or the attorney for the Commonwealth.

(d) If a continuance is granted pursuant to section (c) of this Rule, the order of court granting the same shall set a time at which the preliminary hearing shall be held.

(e) For purposes of this Rule all co-defendants shall be regarded as one (1) party.

Comment: The appropriate common pleas judge under (c) would normally be the judge assigned to hear cases emanating from the District Justice Office or the common pleas judge specially assigned to the case.

Note: This rule, originally numbered 703, was adopted by an order dated March 20, 1984, and published at 14 Pa.B. 1388 et seq. (April 21, 1984). It has been slightly revised to reflect changes in the current case assignment process.

Leh.R.Cr.P. 571. Arraignment.

(a) Criminal court arraignments shall be held at such times and places as the Court shall direct. A first status conference shall be held at the same time as the court arraignment. Written notice of the arraignment and first status conference shall be given to the Defendant as provided Pa.R.Crim.P. 113(1)(a) by the District Justice at the time the case is bound over or waived to court.

(b) Prior to the date scheduled for arraignment, or at the arraignment, defense counsel, who has filed a written entry of appearance with the Clerk of Courts—Criminal and the attorney for the Commonwealth, may file a written waiver of arraignment properly executed by counsel and the Defendant.

(c) Attendance at the status conference is considered mandatory and cannot be waived.

(d) The Defendant, at the time of arraignment, may enter a plea of not guilty, guilty or, with the consent of the judge, nolo contendere. If a guilty or nolo contendere plea is entered, the Court shall proceed as set forth in Pa.R.Crim.P. 590. If the case is not disposed of at this time, the Defendant shall be given notice of the next required court appearance.

Comment: This rule implements Pa.R.Crim.P. 571. It contemplates that attendance at the arraignment and status conference is mandatory, except that the arraignment, but not the status conference, may be waived by a defendant who is represented by counsel as provided in section (b). Incarcerated defendants who are represented by counsel may waive arraignment in writing and appear in court only for their status conference. Where counsel cannot appear for the arraignment, counsel should obtain approval in advance from the arraignment judge for the Defendant to appear without counsel. A suitable date for the next listing of the case should be tentatively set at the time of the approval; and a waiver of arraignment should be filed.

The waiver of arraignment form, which must be signed by the defendant and by counsel, shall contain an acknowledgment that the Defendant: (a) understands the nature of the charges; (b) understands the rights and requirements contained in Pa.R.Crim.P. 571(C); and (c) waives his or her right to appear for arraignment.

Note: This Rule was originally adopted at R. 702; it was readopted as CR 303 by Order dated November 20, 1991, and published at 21 Pa.B. 5639 et seq. (December 7, 1991). The Rule has been amended to reflect current practices.

Leh.R.Cr.P. 700. Sentencing Judge.

The sentence following a plea of guilty or nolo contendere may be imposed by a judge other than the judge who received such plea whenever such substitution of judges shall enhance the efficient disposition of cases. In such instances, the defendant shall be given due notice at the time of entering the plea.

Note: This Rule was adopted as R. 1401(a) by Order dated April 16, 1976, and published at 6 Pa.B. 1041 (September 8, 1976).

Leh.Cr.R.J.A. 1901. Termination of Inactive Criminal Cases.

The Clerk of Courts—Criminal shall prepare for call on the first Monday of November of each year, or on such other date as the Court may by special order direct, a list of all criminal proceedings in which no steps or proceedings have been taken for two years or more. The Clerk shall give notice thereof to the attorney for the Commonwealth, any private prosecutor, the Defendant, and the Defendant's attorney of record, as provided by Pa.R.J.A. No. 1901(c). If no good cause for continuing a proceeding is shown at the call of the list, the Court shall enter an order dismissing the proceedings.

Note: This Rule implements Pa.R.J.A. No. 1901 for Criminal Cases in Lehigh County. Former L.C. Rule 532(b)(1) was not given a new criminal number in Administrative Order 174-M-1987 (17 Pa.B. 3406), when the Criminal Rules were renumbered and spun off from the Civil Rules, nor was it included in Civil Rule 239

adopted on July 20, 1990, File No. 90-J-4, 20 Pa.B. 4176 et seq. (August 14, 1990). The Rule subsequently was contained in an Administrative Order adopted August 29, 1990, File No. 381-M-1990, 20 Pa.B. 4953 (September 29, 1990).

RULES AND REGULATIONS

Title 1—GENERAL PROVISIONS

INDEPENDENT REGULATORY REVIEW COMMISSION

[1 PA. CODE CHS. 301, 303, 305, 307, 309 AND 311] Implementation of the Regulatory Review Act

The Independent Regulatory Review Commission (IRRC) amends Chapters 301, 305, 307, 309 and 311.

This final-form rulemaking implements amendments to the Regulatory Review Act (act) enacted by the act of December 6, 2002 (P. L. 1227, No. 148) (Act 148). Because Act 148 made several substantive procedural changes, regulations relating to the review process had to be revised.

Statutory Authority

This final-form rulemaking is made under the authority in section 11(a) of the act (71 P. S. § 745.11(a)).

Background

This final-form rulemaking implements the Act 148 amendments to the act. Act 148 made several substantive changes in the order and time for committee and IRRC review. The legislative intent of the act and the mission of IRRC remain the same. However, the process has been streamlined and made more flexible, saving both the regulators and the regulated time and money.

The three major changes brought about by the Act 148 amendments are as follows.

- Committees are no longer restricted to a 20-day period to comment on proposed rulemakings. They may issue comments at any time until the agency submits the rulemaking in final-form. This change allows the committees to review IRRC's analysis before deciding whether to issue comments on a proposed rulemaking.

- Committees no longer have a maximum of 20 days to take action on a final-form rulemaking and are no longer limited to approval or disapproval. Instead, a committee has until 24 hours before IRRC's public meeting to approve or disapprove a final-form rulemaking or to notify IRRC that it intends to review the rulemaking further.

- If an agency decides to resubmit a disapproved rulemaking without changes, the rulemaking must again be submitted to IRRC for review.

In addition to the three major changes, Act 148 made several additional administrative changes.

- The 48-hour blackout immediately preceding IRRC's public meeting only applies to unsolicited public comments. Communication with the agency and members of the General Assembly may continue. In addition, IRRC may initiate contact with any party to obtain information on a final rulemaking.

- IRRC is only required to retain comments and not all documents in its public regulatory files. Miscellaneous correspondence and research materials need not be retained.

- IRRC now has a minimum of 30 days to review and take action on a final rulemaking. However, IRRC may

not act on a final rulemaking for at least 20 days after receipt, to give the committees a minimum time period for review.

- An additional criterion for review, and thus a basis for disapproval, is agency noncompliance with the act and IRRC's regulations.

Purpose

The purpose of this final-form rulemaking is to implement the Act 148 revisions to the act.

Summary of the Final-Form Rulemaking

Chapter 301 (relating to general provisions) sets forth the general provisions relating to IRRC operation.

- Section 301.1 (relating to definitions) adds definitions for "comments," "Commission comments," "committee action" and "deemed approved by a committee." In addition, it revises definitions for "deemed approved by the Commission," "embargoed material" and "regulatory review criteria."

- Sections 301.2—301.6, 301.8 and 301.9 are revised to provide greater clarity.

Chapter 303 (relating to meetings of the Commission) describes how Commission meetings will be conducted.

- Section 303.2 (relating to blackout period) implements the newly relaxed blackout rules.

- Section 303.4 (relating to proxy voting) allows a Commissioner participating in a public meeting by phone to verbally give proxy to the Chairperson if a Commissioner is unable to remain for the duration of the meeting.

Chapter 305 (relating to procedures for delivery and review of proposed regulations) outlines the procedures for delivery and review of proposed rulemakings.

- Section 305.1 (relating to delivery of a proposed regulation) provides formatting conventions for the text of proposed rulemakings.

- Section 305.2 (relating to delivery of comments and information by an agency; notification to commentators) outlines the agency's responsibilities with respect to the delivery of comments to IRRC and committees.

- Section 305.3 (relating to Commission review period) incorporates the new 30-day timeline for IRRC review of a proposed rulemaking.

- Section 305.4 (relating to Commission comments on a proposed regulation) has been revised to add greater clarity.

Chapter 307 (relating to procedures for delivery and review of final regulations) outlines the procedures for delivery of final-form and final-omitted rulemakings.

- Section 307.1 (relating to two-year period for promulgation) clarifies when the 2-year period for promulgation ends in instances when the agency has extended or has reopened the public comment period.

- Sections 307.2 and 307.3 (relating to delivery of a final-form regulation; and delivery of a final-omitted regulation) provide formatting conventions for the texts of final-form and final-omitted rulemakings.

- Section 307.4 (relating to tolling the review period) has been revised to provide greater clarity.

- Section 307.5 (relating to procedure for tolling) outlines the new timelines for IRRC and committee review when the agency tolls the review period.

- Section 307.6 (relating to Commission and committee review of a final regulation; time period for review) outlines the new time period for IRRC review of final-form and final-omitted rulemakings.

Chapter 309 (relating to action on regulations) outlines the actions IRRC and committees may take on rulemakings and the results of specific actions.

- Section 309.1 (relating to Commission and committee action on a final regulation) outlines the time and options for committee action. Other clarifying revisions have also been made.

- Section 309.2 (relating to committee disapproval or notification of intent to review/Commission approval of a final regulation) outlines what happens if IRRC approves a rulemaking that a committee has disapproved or intends to review.

Chapter 311 (relating to procedures for review of disapproved final regulations) outlines the procedures for subsequent review of disapproved final-form and final-omitted rulemakings.

- Section 311.2 (relating to response by an agency to Commission disapproval) implements the newly revised procedures for agency response to IRRC disapproval.

- Sections 311.3 and 311.4 (relating to report for a disapproved regulation submitted without revisions or modifications; and report for a disapproved regulation submitted with revisions) outline the agency's responsibility, respectively, for delivery of a report for a rulemaking submitted without revisions and a rulemaking submitted with revisions.

- Section 311.5 (relating to subsequent review of disapproved regulation) is new. It implements the Act 148 changes to the order and procedure for subsequent committee and IRRC review of disapproved regulations. Committees act after, and not prior to, IRRC review of a report submitted with a rulemaking with revisions or a report submitted with a rulemaking without revisions. Even when the committees have approved the rulemaking in the first instance and IRRC has approved the report, the committees are given another opportunity for review. They have 14 days to report out a concurrent resolution.

Summary of Public Comments and Changes

A proposed rulemaking was published at 33 Pa.B. 3501 (July 19, 2003). The proposed rulemaking was also published on IRRC's website: www.irrc.state.pa.us. Written comments, suggestions or objections were requested within a 45-day period after publication of the proposed rulemaking. Public comments were received from the Pennsylvania Association of Resources for People with Mental Retardation and the Department of Public Welfare. The Joint Committee on Documents, the House State Government Committee and the Senate Rules and Executive Nominations Committee did not file comments.

Following is a summary of the comments and IRRC's response to the comments. For the following reasons, no changes were made to the proposed rulemaking.

§ 301.1

Comment

The definition of "Commission comments," which includes statements or questions, could severely prejudice an agency, since the agency may be forced to "guess"

whether the response it provides will be deemed satisfactory. The agency's response may be the basis for possible disapproval of the rulemaking.

Response

The definition of "Commission comments" merely formalizes the practice IRRC has been following for several years. Since the process was bifurcated into proposed and final review with the reenactment of the act in June 1989, IRRC comments have frequently contained statements and questions, in addition to objections and recommendations.

The issuance of IRRC comments is far from the only contact IRRC has with an agency. During the review process, IRRC routinely meets with agency representatives. At these meetings, questions or issues IRRC may have with a rulemaking are discussed. Many of IRRC's concerns are resolved in the meeting. The agency is advised that the others will likely be included in IRRC's comments so that the agency may formally respond in its comment and response document. After the issuance of comments, IRRC staff is always available to answer questions the agency may have or to schedule additional meetings with the agency. Even after the rulemaking is submitted in final-form, IRRC routinely meets with the agency to discuss any outstanding concerns.

§ 301.8 (relating to agency contact person)

Comment

IRRC should permit one contact person and one alternate to be designated to receive documents and comments transmitted by IRRC. This will prevent a delay in receiving time sensitive documents if the designated contact person is not available.

Response

IRRC's aim is to transmit documents and comments to the agency as quickly and efficiently as possible. For this reason, IRRC is alerting agencies that they may designate a contact person or office for receipt of this material. However, IRRC has no control over the internal operations of an agency. It is up to the agency to take the necessary steps to insure that the appropriate party receives the material IRRC transmits.

§ 305.2(a)

Comment

IRRC's statutory authority for requiring an agency to continue to submit comments received on a proposed rulemaking until the rulemaking is approved in final-form is questioned. Also, there is confusion as to whether an agency must continue to submit public comments received on a rulemaking after IRRC has issued its comments, until the time that IRRC meets to approve or disapprove a rulemaking.

Response

IRRC finds that it has the statutory authority to require agencies to continue to submit comments on a rulemaking until IRRC meets to approve or disapprove the rulemaking. A rulemaking remains in proposed form until action is taken on it in final-form. There is no time limit in section 5(c) of the act (71 P. S. § 745.5(c)) for the requirement to submit comments on a proposed rulemaking. Indeed, for IRRC to fulfill its statutorily mandated role as clearinghouse for comments on proposed rulemakings, established under section 12 of the act (71 P. S. § 745.12), it must be able to review all comments received on a rulemaking. For this reason, § 305.2(a) was revised accordingly.

It should be noted that the agency's obligation extends only to comments on a proposed rulemaking and not other documents pertaining to the rulemaking. "Comment" is defined as a written statement supporting, opposing or recommending changes to a proposed rulemaking.

§ 305.2(a)(1)

Comment

The amendment to the rulemaking providing that an agency is not required to submit a comment to the rulemaking if IRRC has been copied on the rulemaking and the agency has verified that IRRC has received the rulemaking may be administratively burdensome to an agency. If the agency receives a large volume of comments, it may have to cull through each one of them to determine if IRRC has been copied and then spend the time necessary to verify that IRRC has actually received the comment.

Response

This amendment was actually designed to relieve the burden on the agency to transmit all comments received within 5 business days of receipt. If the agency confirms that IRRC has received a copy of the comment directly from the sender, it need not submit a copy of that comment. Of course, if it is easier for the agency to bundle all comments received and transmit them to IRRC, the agency may do so.

Public Notice

This final-form rulemaking is on IRRC's website. The proposed rulemaking was published at 33 Pa.B. 3501 with a 45-day public comment period.

Comments and questions on this final-form rulemaking should be sent to Mary S. Wyatte, Chief Counsel, Independent Regulatory Review Commission, 333 Market Street, 14th Floor, Harrisburg, PA 17101, (717) 783-5417, fax (717) 783-2664, irrc@irrc.state.pa.us.

Regulatory Review

Under sections 5(a) and 11(a) of the act (71 P.S. § 745.5(a) and 11(a)), on June 30, 2003, IRRC submitted a copy of the proposed rulemaking and a copy of a Regulatory Analysis Form to the Joint Committee on Documents and to the Chairpersons of the House State Government Committee and the Senate Rules and Executive Nominations Committee. A copy of this material is available to the public upon request.

In compliance with section 5.1(a) of the act (71 P.S. § 745.5a(a)), IRRC also provided the Joint Committee on Documents and the Committees with copies of all comments received.

Neither the Joint Committee on Documents nor the Committees filed comments on this final-form rulemaking. In preparing this final-form rulemaking, IRRC has considered all comments received from the public.

This final-form rulemaking was submitted to the Committees and the Joint Committee on Documents on

January 27, 2004. This final-form rulemaking was deemed approved by the Committees on March 10, 2004, and approved by the Joint Committee on Documents on March 11, 2004.

(2) The adoption of these amendments in the manner provided in this order is necessary and appropriate for the administration of the act.

STATEMENTS OF POLICY

Title 34—LABOR AND INDUSTRY

DEPARTMENT OF LABOR AND INDUSTRY

[34 PA. CODE CH. 123]

General Provisions of Act 53 of 2003

The Department of Labor and Industry (Department), Bureau of Workers' Compensation (Bureau), adopts § 123.201a (relating to effect of Act 53 of 2003 regarding qualifications of vocational experts—statement of policy) to read as set forth in Annex A. This statement of policy provides guidance regarding the Department's interpretation of the act of December 23, 2003 (P. L. 371, No. 53) (Act 53), which amended the Workers' Compensation Act (act) (77 P. S. §§ 1—2626).

Effective Date

This statement of policy will be effective immediately upon publication in the *Pennsylvania Bulletin*.

Contact Person

Further information regarding this statement of policy may be obtained by contacting John T. Kupchinsky, Director, Bureau of Workers' Compensation, P. O. Box 15121, Harrisburg, PA 17105. This statement of policy is available on the Department's website: www.dli.state.pa.us. In addition, parties wishing to comment on this statement of policy should do so by writing to John T. Kupchinsky, at the previous address.

Statutory Authority

This statement of policy is issued under the authority provided in section 435 of the act (77 P. S. § 991) and section 2205 of The Administrative Code of 1929 (71 P. S. § 565), which authorize the Department to adopt regulations that are reasonably calculated to explain and enforce the provisions of the act. Section 435 of the act charges the Department with promulgating rules and regulations which are reasonably calculated to expedite the reporting and processing of injury cases, insure full payment of compensation when due, expedite the hearing and determination of claims for compensation and provide notice to disabled employees of their rights under the act. In addition, section 306(b)(2) of the act (77 P. S. § 512(2)), as amended by Act 53, specifically authorizes the Department to implement regulations establishing the minimum qualifications for vocational experts.

Purpose of the Statement of Policy

This statement of policy is issued so that all parties will have a clear understanding of their rights and obligations under Act 57 of 1996 (P. L. 350, No. 57) (Act 57) and Act 53. Moreover, the existing regulations established under Act 57 pertaining to qualifications of vocational experts are consistent with Act 53's intent and purpose.

On December 23, 2003, Governor Edward G. Rendell signed Act 53, which became effective on February 21, 2004. Act 53 amended section 306(b)(2) of the act. Prior to its amendment, section 306(b)(2) of the act provided for vocational interviews by "expert[s] approved by the department and selected by the insurer." The Department promulgated §§ 123.201—123.203 (relating to purpose; qualifications; and credibility determinations) implement-

ing section 306(b)(2) of the act, before its amendment, which provided that individuals who met certain minimum qualifications in §§ 123.201—123.203 were approved to conduct vocational interviews.

In *Caso v. Workers' Compensation Appeal Bd. (School District of Philadelphia)*, 790 A.2d 1078 (Pa. Cmwlth. 2002), the Commonwealth Court interpreted section 306(b)(2) of the act and its regulations, as they existed prior to Act 53, in a manner that required experts conducting vocational interviews to be individually and formally recognized by the Department as a prerequisite to conducting interviews. In response to the Commonwealth Court's decision in *Caso*, the Legislature passed Act 53. Act 53 eliminates the requirement that the Department approve vocational evaluators to conduct earning power assessment interviews. Instead, Act 53 permits insurers to select experts that meet "the minimum qualifications established by the department through regulation." See section 306(b)(2) of the act. Subsequent to passage of Act 53, the Pennsylvania Supreme Court reversed the Commonwealth Court's decision. The Court held that individuals who meet the minimum qualifications established in the regulations are properly "approved" by the Department, and that workers' compensation judges may determine whether individuals selected as vocational experts in workers compensation proceedings meet the specified qualifications. *Caso v. Workers' Compensation Appeal Bd. (School District of Philadelphia)*, 839 A.2d 219 (Pa. 2003).

Section 306(b)(2) of the act, before the Act 53 amendments, provided a means for insurers to assess an employee's earning power through an interview "by an expert approved by the department and selected by the insurer." The passage of Act 53 has eliminated the requirement that the Department approve these experts. Instead, insurers are now permitted to select experts "who meet the minimum qualifications established by the department through regulation."

The minimum qualifications in § 123.202 are the minimum qualifications specified in Act 53. Section 123.202 is consistent with Act 53's intent and purpose, and remains effective. To the extent that vocational experts must be "approved by the Department" to conduct vocational evaluations under section 449 of the act (77 P. S. § 1000.5), § 123.202 confers Department approval upon individuals possessing the qualifications expressed in § 123.202.

Force and Effect

This statement of policy provides guidance to Bureau staff, workers' compensation insurance carriers, self-insured employers, employees, workers' compensation practitioners and other interested parties with respect to the implementation and interpretation of the provisions of Act 53. This statement of policy is temporary and the Department intends to promulgate regulations on this issue as soon as possible.

STEPHEN M. SCHMERIN,
Secretary

(*Editor's Note:* The regulations of the Department are amended by adding a statement of policy in § 123.201a to read as set forth in Annex A.)

Fiscal Note: 12-66. No fiscal impact; (8) recommends adoption.

(a) The Department adopts this section so that all parties will have a clear understanding of their rights and obligations under section 306(b) of the act (77 P. S. § 512). This does not constitute a rule or regulation and is temporary. The Department intends to promulgate regulations on this topic.

(b) The minimum qualifications in § 123.202 (relating to qualifications) are the minimum qualifications established by the Department for vocational experts as specified in Act 53 of 2003 (P. L. 371, No. 53) (Act 53) which amended section 306(b) of the act, effective December 23, 2003.

The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA0247481, CAFO, **Noah Kreider & Sons**, 1461 Lancaster Road, Manheim, PA 17545. This proposed facility is in South Annville Township, **Lebanon County**.

Description of Size and Scope of Proposed Operation/Activity: Mt. Pleasant Farm is a new egg-layer agriculture facility. Total AEUs of chicken/layers is 7,539. They raise laying hens for the production of eggs, also onsite is an egg processing and packaging facility. The layer manure generated by the facility will be temporarily stored in specially designed stacking areas connected to the animal housing units. No other materials will be commingled with the layer manure. No freestanding aboveground liquid manure will be used for this operation. Instead, temporary stacking areas have been designed and constructed connected to the animal housing units. Manure will be stored within these specially designed stacking areas prior to exportation to other farms for their use as fertilizer replacement. The largest percentage of manure will be brokered off the farm. Manure will be applied as needed to the adjacent farm ground. Additionally, to the land application of layer manure there will be egg wash water land applied. The total acres of operation is approximately 117 acres. Total acres where nutrients will be applied is 72.3 owned acres; 35,469 tons of manure will be exported annually.

The receiving stream, Quittapahilla Creek, is in watershed 7D-Swatara Creek and classified for TSF.

The proposed effluent limits for the operation/activity include: Except for the chronic or catastrophic rainfall events defined as over the 25-year/24-hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with the Pennsylvania Nutrient Management Act and The Clean Streams Law constitutes compliance with the State narrative water quality standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an

informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

E0514-001. Department of General Services, Bureau of Engineering and Architecture, 18th and Herr Streets, Harrisburg, PA 17125, Hyndman Borough Flood Protection Project, **Bedford County**, ACOE Baltimore District.

The purpose of the project is to protect public health, safety and property by eliminating high-water events that overtop Wills Creek and flood through Hyndman Borough. A permit is requested to perform the following activities associated with the construction of the project in and along approximately 4,000 linear feet (approximately 9 acres) of Wills Creek (perennial, CWF):

1. To construct and maintain approximately 5,500 linear feet of rolled embankment levee on both banks of Wills Creek and along a tributary, known locally as the "back channel." The upstream ends of the levees will tie into existing high ground and the downstream ends will tie into the existing CSX Transportation (CSXT) railroad embankment. The levees will be protected with grouted riprap and drainage structures will be provided at regular intervals.

2. Widen the existing "back channel" and relocate existing palustrine emergent wetlands (0.71 acre) that will be disturbed by levee construction along Gooseberry Avenue.

3. To construct and maintain approximately 1,450 linear feet of diversion pipes that will collect discharge from CSXT stormwater outlets and convey it to Wills Creek to prevent flooding behind the levees during high water events on Wills Creek.

4. Remove an inactive railroad bridge and two piers (approximately 150-foot span) at the downstream end of the project to increase the cross-section of flow and reduce the likelihood of debris clogging and deposition. Abutment scour will be repaired and grouted riprap slope protection will extend a short distance downstream of the bridge-work proposed.

The project begins near the Hyndman Borough Corporate boundary with Londonderry Township along SR 3004 (Hyndman Quadrangle N: 13.9 inches, W: 2.5 inches) and terminates just downstream of the CSXT railroad bridge over Wills Creek (Hyndman Quadrangle N: 13.4 inches; W: 4.1 inches).

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Foster Township	P. O. Box 465 Freeland, PA 18224	Luzerne

Plan Description: The Plan calls for the construction of a new gravity wastewater collection system and associated pump stations and force mains to serve approximately 442 EDUs in the Woodside, Youngstown, Highland and Upper Lehigh areas of Foster Township, as specified in the Freeland Borough Alternative 2 text and mapping found in the Plan. The Plan also proposes replacement of the existing municipal wastewater collection system in Foster Township and known as Subarea 5 of the Freeland Area Wastewater Collection System. This system currently serves approximately 246 EDUs. Wastewater from all of the previously described areas, except Upper Lehigh, will be conveyed to an existing force main owned by the Freeland Municipal Authority (Authority) for transmission to the Authority's wastewater treatment facility for ultimate treatment and discharge. Wastewater from the Upper Lehigh area will be conveyed directly to the Authority's wastewater treatment facility via the proposed gravity interceptor, pump station and force main.

Financing of the wastewater collection and conveyance systems is to be provided by the Pennsylvania Infrastructure Investment Authority.

Implementation of the selected wastewater disposal alternative will require a Water Management Part II Permit for the construction and operation of the proposed sewage facilities. Other departmental permits may be required for construction if encroachment to streams or wetlands will result. The Department's review has also not identified any significant environmental impacts resulting from this proposal.

HAZARDOUS SITES CLEANUP UNDER THE ACT OF OCTOBER 18, 1988

Proposed Consent Order and Agreement Algonquin Chemical Company Site, Windsor Township and Hamburg Borough, Berks County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305) and the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) (42 U.S.C.A. §§ 9601—9675), has entered into a proposed settlement with Windsor Industries, Inc. and its president and majority shareholder, Douglas Mehrkam (Settlors).

The proposed settlement resolves claims of the Department with the Settlors under the HSCA, CERCLA and other applicable law for response costs expended by the Department at the Algonquin Chemical Site (Site), Windsor Township and Hamburg Borough, Berks County.

The proposed settlement obligates the Settlors to pay to the Department \$2,500 in reimbursement of certain of its response costs expended at the Site. Settlors explicitly consent to the filing of a lien with the Berks County Recorder of Deeds in the amount of \$50,700. The Department agrees to postpone and forego any lien-based foreclosure against the real estate in question so long as the real estate is owned by the Settlors.

The Department believes that the proposed settlement is fair, reasonable, practicable in the public interest and in furtherance of the statutory goals of the HSCA and CERCLA.

Under section 1113 of the HSCA (35 P. S. § 6020.1113), the Department is publishing notice of this Consent Order and Agreement and will provide a 60-day period for public comment on the Consent Order and Agreement beginning March 27, 2004. Copies of the Consent Order and Agreement may be examined Monday through Friday from 8 a.m. to 4 p.m. at the Department of Environmental Protection, 909 Elmerton Avenue, Harrisburg, PA 17110 by contacting Crystal Snook, (717) 705-6645. The Consent Decree can also be reviewed at the Reading District Office, 1005 Crossroads Boulevard, Reading, PA 19605 from 8 a.m. to 4 p.m. by contacting Thomas Grubb, (610) 916-0100.

After review, the public may submit written comments on the Consent Order and Agreement, before May 27, 2004, by mailing them to Crystal Snook at the Department's Harrisburg office at the previous address. A person adversely affected by the settlement may also file an appeal from the Consent Order and Agreement to the Environmental Hearing Board. Questions concerning this notice should be directed to Crystal Snook.

The Department has reserved the right to withdraw its consent to the Consent Order and Agreement if comments submitted during the public comment period disclose facts or considerations which indicate, in the Department's discretion, that the Consent Order and Agreement is inappropriate or not in the public interest.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of

the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. SECURITIES COMMISSION

Securities Transaction Exemption for SEC Rule 144A Exchange Transactions in Debt Securities with Certain Accredited Investors; Exemption Order

Whereas, Rule 144A adopted by the United States Securities and Exchange Commission (SEC) under the Securities Act of 1933 (1933 Act) (17 C.F.R. § 230.144A) applies to private resales of securities purchased by a Qualified Institutional Buyer (QIB) from an issuer (Rule 144A Issuer) in a nonpublic offering of securities exempt under Section 4(2) of the 1933 Act (Rule 144A Offering); and

Whereas, Under SEC Rule 144A, a QIB may effect a private resale of securities purchased in a Rule 144A Offering to an institutional accredited investor as defined in Rule 501(a)(1), (2), (3) or (7) of SEC Regulation D (17 C.F.R. §§ 230.501(a)(1)—(3), (7)) (Institutional Accredited Investor); and

Whereas, It is not uncommon for a Rule 144A Issuer to file a registration statement with SEC under Section 5 of

the 1933 Act subsequent to a Rule 144A Offering in which the Rule 144A Issuer seeks to register debt securities with the same characteristics as the debt securities it sold in the Rule 144A Offering (Registered Debt) and, for no additional consideration, exchange the Registered Debt for debt securities sold in the Rule 144A Offering (Exchange Transaction); and

Whereas, An Institutional Accredited Investor located in the Commonwealth of Pennsylvania that holds debt securities sold in the Rule 144A Offering may receive an offer to exchange those debt securities for Registered Debt; and

Whereas, The Pennsylvania Securities Commission (Commission), after due deliberation, has determined that it is necessary and appropriate and consistent with the purposes fairly intended by the Pennsylvania Securities Act of 1972 (1972 Act) to issue the following order:

Now, Therefore, on this 16th day of March 2004, the Commission, pursuant to Section 203(r) of the 1972 Act, finds that it is neither necessary nor appropriate for the protection of investors to require registration under Section 201 of the 1972 Act for the offer or sale of a security in a transaction if the following requirements are met:

(1) A person who owns outstanding debt securities (and any related guarantees) exchanges those securities for debt securities (and any related guarantees) of the same issuer which are the subject of an effective registration statement filed with the United States Securities and Exchange Commission (SEC) under Section 5 of the Securities Act of 1933 (15 U.S.C. § 77(e)) (Exchange Transaction).

(2) The outstanding debt securities (and any related guarantees) are "restricted securities" as that term is defined in SEC Regulation 144(a)(3) (17 C.F.R. § 230.144(a)(3)).

(3) No consideration is paid by the owner of the outstanding debt securities (and any related guarantees) in connection with the Exchange Transaction.

(4) There are no material differences in the terms of the outstanding debt securities (and any related guarantees) and the debt securities (and any related guarantees) which are the subject of the Exchange Transaction.

The effective date of this Order shall begin on the date the Order is published in the *Pennsylvania Bulletin* and shall end on the date of publication in the *Pennsylvania Bulletin* of a final rule adopted by the Commission codifying an exemption containing substantially the same terms as this Order in Title 64, Chapter 203 of the *Pennsylvania Code*.
